

Date oficiale de la Registrul Comerțului: Ce companii din România au afaceri mai mari de 100 de milioane de euro

Decembrie 2021

Un total de 354 de firme din România au avut anul trecut afaceri mai mari de 100 de milioane de euro, arată datele obținute de EconoMedia de la Registrul Comerțului, în contextul în care coaliția de guvernare a vehiculat ideea unei taxe de solidaritate de 1% din afaceri care să fie plătită de aceste companii. Între timp, premierul Nicolae Ciucă a dat asigurări că anul acesta nu vor fi introduse noi taxe, iar ministrul Finanțelor Adrian Căciu a precizat că și bugetul pe anul 2022 va fi construit fără noi taxe.

Cu toate acestea, EconoMedia a solicitat de la Registrul Comerțului datele privind aceste companii. Se observă că statul voia să taxeze companii care sunt deja cei mai mari contribuitori la buget, bănci, exportatori, constructori de autostrăzi, retailerii, așadar companii-cheie pentru economia românească.

Cele 354 de companii au realizat anul trecut afaceri totale de 626,75 miliarde lei, respectiv 128,7 miliarde de euro (la cursul BNR din 31 decembrie 2020), potrivit calculelor EconoMedia pe baza datelor de la ONRC.

Așadar, dacă ar taxa cu 1% aceste afaceri, statul ar obține la buget peste 6,2 miliarde lei, adică mai mult de 1,2 miliarde de euro.

Aceste companii reunesc 700.000 de angajați și au făcut în România profituri de 32,8 miliarde lei, pierderile cumulate ridicându-se la numai 7 miliarde de lei.

Lista completă a companiilor cu cifră de afaceri mai mare de 100 de milioane de euro (date ONRC):

FIRMA	Cifra de afaceri (lei)	Nr de salariați	Profit net (lei)	Pierdere netă (lei)
